

ACS BUSINESS EXECUTIVE SUMMARY

ACS, Inc. (Administrative Construction Solutions, Inc.) is a full-service Construction Consulting firm that specializes in providing services in the commercial, public and federal construction market. We are unique in the sense that our services provide certified competent professionals to help manage projects on or off site. Safety & Health Consulting, Quality Control Consulting, Environmental Manager Consulting. ACS services General Construction Contractors, Prime Contractors, Construction Management Firms, Project Management Firms and Owner Construction Representative support are part of our services.

Our services include:

01. US Army Corps of Engineers Certified Quality Control Managers to provide on site inspections and manage construction documents for project compliance.
02. OSHA Certified Site Safety and Health Officers to provide on-site training and inspections.
03. Industrial Hygienist Professionals.
04. Pre-Construction submittals site specific.
05. Environmental Protection Plans site specific (EPP).
06. Waste Management Plans site specific (WMP) with detailed landfill diversion cost.
07. Accident Prevention Plans site specific (APP).
08. Site Safety and Health Plans site specific (SSHP).
09. Activity Hazard Analysis site specific (AHA).
10. Fall Protection and Prevention Training and Assessment.
11. Site Specific Safety & Health Training.
12. Site Safety and Health Officers.
13. Site Safety & Health Audits and Inspections.
14. On Site First Aid, CPR, AED and Blood Borne Pathogen Training.

Our market is the commercial, public and federal prime contractor who has the need for these qualified personnel to help staff a project and provide the Administrative support and Solutions needed on a per hour, weekly or LUMP SUM contract based duration fee structure.

ACS has been providing these services in the Tri-State area and Mid-Atlantic Region since 2001. We have an excellent reputation with the following federal agencies and local government agencies as the premier third (3rd) party services provider.

Naval Facilities Engineering Command (NAVFAC)
US Army Corps of Engineers (Philadelphia, Baltimore, New York Districts)
Federal Aviation Administration (FAA)
General Services Administration (GSA)
Delaware River Port Authority (DRPA)

We also provide services in the Non-Government market as a 3rd tier provider.

Children's Hospital of Philadelphia (CHOP)
Monroe Energy Facility / Oil Refinery
Amazon Fulfillment Center Construction Projects
Con Edison Power and Electric (Con-Ed)
Community College of Philadelphia Construction Projects

The advantage of using ACS on construction projects for the client is the utilization of trained and certified individuals as a full time or alternate resource without the financial burden and time constraint burden of training and experience for a full-time worker. Our resources can be utilized on a per project basis for site specific needs. Once a project is completed ACS will move the resource to another site eliminating the financial burden of the highly qualified and trained professional.

Our full-time staff consist of twelve (12) team members, our part time staff is eight (8) team members and we have a diverse resource pool of professionals for deployment when needed.

We are certified and insured and carry Workman's Compensation, General Liability, Professional Liability and Commercial Auto coverages.

We are very UNIQUE in our services and have VERY limited competition. We have established a nice, specialized service for our clients.

We take pride in the fact we employ former military veterans from the US Army, US Marine Corps, US Navy and US Air Force.

Kevin S. Brosius
